Subject: Tunney Act comments AGAINST proposed settlement

Dear Sir or Ma'am,

I would like to register my opposition to the proposed Microsoft settlement with the DOJ. If for no other reason, allowing Microsoft to hide API's at their sole discretion based on their unreviewed claim of a possible security risk is a model of worst practices. The market moved beyond this years ago.

Please do not allow a change in the White House to impede the just resolution of this case.

Respectfully,
